WHAT HAS HAPPENED DURING THE WEEK?

"The best experiences are here"

L´Aljara Trip For Years 3 & 4

Year 3 and 4 classes enjoyed a fun filled day at L´Aljara on Wednesday, practising their archaeology skills, ziplining, mountaineering and more!

World Maths Day, Secondary School

BSC joined up virtually, with Box Hill School (an independent IB school in Surrey, UK), Jumeirah English Speaking School and JESS, Dubai (a British independent school) in a fun mathematics cross-cultural maths quiz to celebrate World Maths day.

Topics included: Buildings, Food, and Films and Music and was based around fun mathematical facts from around the world. A big thank you to Miss Bailey for making this happen.

Virtual Covap

Year 3K have been able to enjoy the virtual visit of the Covap company, with which they have learned a lot about the Dehesa and the production of different food products, and they have also been given a backpack.

This visit has been fantastic!

Fun with Chopsticks in Year 2

For their topic on China, Year Two chopped and cooked vegetables and noodles to make a Chinese stir-fry.

Then they added soy sauce or sweet chilli sauce and ate them with chopsticks. So much fun and delicious too!

Ciencias Naturales– Year 7

In Year 7A and 7B Ciencias naturales class, we have worked in depth on the importance of taking care of our health to improve our well-being. Therefore, we take part of our laboratory to the classroom. We got different colors after the reaction of glucose and copper sulfate (Benedict's Reagent) and discovered the sweetest drinks from a selection of seven that we consume with some frequency. It was very interesting to draw conclusions and get closer to a healthier diet.

Horchata cha, cha

In Year 1, we are always willing to try new flavors from foods and drink whose names contains the letter we are learning at the time.

With the “Ch” we have enjoyed a delicious and refreshing drink made from tigernuts: “horchata”.

We have been so captivated by its history and its benefits that we have designed some fantastic ads to promote this digestive drink!

Mythical Studies in Year 5 Literacy

Year 5 are learning about creation myths in Literacy. We used drama to help us internalise ´How Night Came´, a creation myth from Sierra Leone.

We explored the story with freeze frames, TV interviews of the characters and taking the mischievous bat to court for his crime of letting the darkness escape his basket.

We later used some of the children´s freeze frames to inspire a lesson on dialogue.

Just a Joke or Cyberbullying?

In year 5 we have been discussing how messages can be interpreted online: in chat rooms, on WhatsApp, on Facebook....

When is a post cyberbullying and when is it just a joke? Does it matter how many people see it? Sometimes, it's not so clear since facial expressions and gestures are lost online.

We saw some examples and had to decide if it was "Just a joke" or "cyberbullying". We then created our own mobile phones with an example of a kind and unkind message/conversation.

We concluded, if it's not kind, don't say it, don't post it.

Reminders

~ 21st May – Padel Tournament begins.

~ Wednesday 26th May -school finishes at 2:30pm

~ Thursday and Friday – school closed for Feria

~ Monday 31st May - Summer Timetable begins, 3:30pm finish

~ Please remember that pupils will only be allowed to leave school early with proof of appointment.
